

Product Manager
Blueriq B.V.
De Gruyterfabriek
Veemarktkade 8
5222 AE 's-Hertogenbosch
The Netherlands

Phone: 06-29524605
m.schadd@blueriq.com

Maarten Schadd
Batavenoord 21
3079 ZP Rotterdam

Phone: 06-15157035
M.Schadd@Gmail.com

Date of Birth: 7.6.1983

**Education**

Ph.D. Artificial Intelligence, Maastricht University, 2007–2011
Ph.D. topic: "Selective Search in Games of Different Complexity"

MSc Artificial Intelligence, Maastricht University, 2005–2006
Thesis topic: "Solving FanoRona"

BSc Knowledge Engineering, Maastricht University, 2002–2005, *Cum Laude*
Thesis topic: "Operation Set Problem"

Abitur, Gymnasium am Turmhof, Mechernich, Germany, 1994–2002
Grade: 2.3

Certificates

ITIL foundation (4815769.1241587)
IREB foundation (15-CPREFL-78673-20)
IPMA-D (NL.D.2016.0306)
Prince2 Foundation (4815769.20558502)

Employment

(Senior) Product Owner
Februari 2014 – Present
Blueriq B.V.

As product owner I make decisions on the direction in which our software is developed. I talk to customers and stakeholders about their wishes, as well as perform market research on market trends and competitors. I maintain our epic backlog and give lead to our development teams. I act as functional architect, both for the development of our software as well as giving advice to specific implementation that use our software. I coordinate and plan development projects, also innovation projects such as on process mining, decision modeling, or business analytics. Under my supervision, successfully selling additions to our software were developed.

Product Consultant
May 2012 – Januari 2014
Blueriq B.V.

We develop a Dynamic Case Management for automating complicated business processes. It includes a business rule engine and analytics. I am part of the functional development team that translates business requirements to designs for our software. I engage in requirements capturing, requirements management and development. I support other developers and the product owner in our agile/scrum structured organization. Furthermore, I act as functional architect on start-up projects and give trainings. I specialize in process mining, which applies data mining techniques to business processes.

Postdoctoral Fellow
January 2011 – May 2012
Maastricht University

My postdoctoral research focuses on the following topics: Development of Intelligent Search Techniques – Games & AI – How to formulate models that increase the understanding how Monte-Carlo Tree Search (MCTS) works? – How to use the developed MCTS models to create effective search algorithms? I taught academic courses, supervised Bachelor and Master students and organized conferences and events.

Research Assistant - Mark Winands
July 2006 – December 2006
Maastricht University

Implementation and tuning of case-based reasoning software for the FP6 European project MyCarEvent.

Research Assistant - Joris v.d. Klundert
May 2005 – July 2005
Maastricht University

Analyzing statistical data of cancer cells to find a relation between certain genes and the forming of cancer cells.

Programmer
2004–2005

Albert Sickler b.v.

Implementation of language programs for children with language deficiency. Implementation of language software for "School of the World".

Teaching Experience

Teacher, Business Modelling Foundation and advanced courses
2012–2013, Blueriq B.V.

Teacher, Human Computer Interaction
2011, Maastricht University

Teacher, Intelligent Search Techniques
2010–2011, Maastricht University

Teaching Assistant, Data Structures and Algorithms
2008–2010, Maastricht University

Teaching Assistant, Computer Science 1
2008–2010, Maastricht University

Teaching Assistant, Telecommunication and Telematics
2007–2009, Maastricht University

Teaching Assistant, Knowledge Management and Knowledge System Development
2007–2008 , Maastricht University

Teaching Assistant, Knowledge Retrieval
2007, Maastricht University

Tutor, Modelling Nature
2007 , Maastricht University

Supervision

Master Students

Sander Arts
Graduated: March 18, 2010
M.Sc. thesis: Competitive Play in Stratego

Bachelor Students

Hans Verhoeve & Ward de Laat
Graduated: June 10, 2014
B.ICT. thesis: Toepassing Business Intelligence binnen Blueriq

Mandy Tak
Graduated: June 24, 2010
B.Sc. thesis: The Cross-Entropy Method Applied to SameGame

Jan Stankiewicz
Graduated: June 24, 2009
B.Sc. thesis: Opponent Modeling in Stratego

Jesper Mohnen
Graduated: June 24, 2009
B.Sc. thesis: Using Domain-Dependent Knowledge in Stratego

Attended Workshops/Courses

Supervision of PhD students, Maastricht, November 2011

Agent Systems, SIKS, December 2009, Vught

System and Architecture modeling, SIKS, December 2009, Vught

The Semantic Web, SIKS, September 2009, Utrecht

Mathematical Methods for IKS, SIKS, December 2008, Vught

Interactive Systems & Combinatory Methods, SIKS, May 2008, Best

Information Retrieval, SIKS, May 2007, Vught

Learning and Reasoning, SIKS, May 2007, Vught

Computational Intelligence: AI and Probability, SIKS, April 2007, Zeist

Research methods and methodology for IKS, SIKS, ovember 2006, Lunteren

FastTrac Entrepreneurial Training Program, Baylor University, Summer 2004, Waco, Texas

Other activities

Head of the Emergency Response Officers 2012-2016, Blueriq B.V.

Member of the PR country team Poland 2008-2011, Maastricht University

Member of the Faculty Council, Faculty of Humanities and Sciences,
2007-2009, Maastricht University

Member of the SIKS student advisory board,
2007-2010, SIKS

Skills

Languages: English, German, Dutch

Computer Skills: Java, c#, L^AT_EX, Matlab, Prolog, SQL, SOAP, REST

Hobbies: Games, Race Cycling, Photography

Publications

Books

1. M.P.D. Schadd. *Selective Search in Games of Different Complexity*. Ph.D. Thesis. Department of Knowledge Engineering, Maastricht University, Maastricht, The Netherlands, 2011.

Journal Articles
